DETAILED ACTION

Applicant's reply filed 5/07/07 is acknowledged. Claim 1 is currently pending.

Claim 1 allowed.

REASON FOR ALLOWANCE:

The following is an examiner's statement of reasons for allowance: One major difference in independent claim 1 not found in the art of record is the recitation of a first member mounted on end of an auxiliary support mechanism distal to a mounting member, the first member having a first elongated slot and a second member having a second elongated slot wherein the first and second slots are parallel and substantially forming an acute angle; a third member which is movably attached to the second member and pivotally jointed to the end of an auxiliary support mechanism; and a spring member mounted on the third member to urge the third member into an upward position. These limitations are not found either in a singularity art or in combination with other art to anticipate or render the claim obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
